Fun Teddy Roosevelt History With Alcohol

- Teddy Roosevelt was known for speaking softly and carrying a big stick, but he was not known as a big drinker. It is said that he occasionally enjoyed a mint julep before bed, but that’s about it. When a small-town newspaperman called Teddy a drunk, the president sued him, and won!
- www.mandatory.com

- His decision to enforce an unpopular law that banned the sale of alcohol in saloons on Sundays made him a very unpopular figure in New York, but he persisted in the crusade even after receiving two letter bombs in the mail.

By 2021, the Roosevelt neighborhood will get a big boost in sustainable living. That’s when Sound Transit’s Northgate Link Roosevelt Station will open to customers. Light rail moves thousands of people an hour reliably without traffic jams, parking hassles or vehicle emissions. Just about everyone benefits because those who choose to take light rail rather than drive free up road capacity for vehicles and people who can’t use mass transit.

A new urban living space is coming to your community soon! Paar Development is proud to bring you unique, affordable dwellings with sustainably built features in the heart of the Roosevelt neighborhood. Live just minutes away from convenient transportation, fun restaurants and Whole Foods!

Our future home: 6404 9th Ave NE, Seattle, WA 98115

As one of the fastest growing cities in the nation, Seattle needs to make sure we’re accommodating predictable movement of people and goods and offering affordable transportation options. By growing our transit system, building a citywide bicycle network and transforming our streets into safer and healthier public spaces, we’ll continue to accept growth and to be a world leader in climate action. Thank you Roosevelt community for working with us as we move through these changes.

Umpqua sustainability is a company-wide initiative that’s confronting the need for a more sustainable company; a better way of doing business. The team is committed to environmental stewardship at the grassroots and associate-level by developing resources and energy-saving practices with a focus on improving ways to integrate sustainable solutions into our homes. Over the next three years, Umpqua Bank is committed to reducing our paper consumption by 30%. When it comes to community, we’re putting our time where our mouth is. Our Connect Volunteer Network™ provides Umpqua associates up to 40 hrs - paid - each year to volunteer with youth and community development organizations and schools.

Proud to support the Bull Moose Festival

At U.S. Bank, our success is directly related to the success and vitality of the communities we serve. And we believe strong communities help make a strong economy. That’s why we feel it’s important to partner with organizations to provide corporate leadership on issues of community importance. Because no company gains the same strength alone as it can with the help of others.
